

Statement

For the purposes of claiming STCs in Australia, the Smile5 Hybrid Inverter can process a maximum 6660 w of PV panel.

The following requirement is also applied.

Maximum PV input power	6.66kw
Recommend PV input power	5kw
Maximum PV input voltage	580Vdc
Maximum PV input Current	2 X 12A
MPPT voltage range	125V-550Vdc
Maximum short-circuit Current	2 X 15A

Regards

Alpha-ESS Australia
